Chemi New Editor Of 'American Philatelist'

James M. "Jim" Chemi of Phoenix, Ariz. who has been conducting the "What's Going On in APS" column in "The American Philatelist" since the February 1958 issue, has been appointed as its editor, succeeding David Lidman of New York.

Mr. Chemi is a veteran newspaperman and has authored numerous philatelic articles for many years. He started newspapering with the Philadelphia (Pa.) Inquirer, then served four years with the U. S. Army in World War II.

Following the war's end, he accepted a sports writing assignment with the "Kansas City Star", remaining with that newspaper eleven years. In 1957 he joined the staff of the "Phoenix Gazette" as sports make-up editor.

The new editor has been a stamp collector for more than 30 years, specializing in British and French colonies, plus an active interest in several topical fields and cover collecting. He is a member of the Phoenix Philatelic Assn. and the Mid-west Philatelic Society of Kansas City, and president of the Arizona Society of Topical Philatelists. He and his wife Anne reside at 5932 N. 14th Pl., Phoenix, Ariz.

A HAPPY HASSEL OVER PRIZES greeted Mrs. Bernice R. Breslow, secretary-treasurer of the Assn. of Bergen County Philatelists, Inc. at the close of the group's June 15-18 show at Garden State Plaza, Paramus, N. J. Here she is awarding the APS silver server for best exhibit by an APS member to Lt. Col. Leonard H. Smith, Jr., (left) of the Pasack Stamp Club for his Australian stamps. They also brought him the silver cup for first in British Colonies. An identical trophy went to Henry C. Peschken (center) of Rochell Park, N. J. for best in topicals. Best in Show was taken by the Danish West Indies of Niels Zierau, Teaneck, N. J.

Vet Collector Eyes Three-Shift Philatelic Output; Recommends "Sweep Own Door First" Policy

M. S. Brainard

I guess I inherited the gift of gab, seems like, and finding listeners walking away from my vicinity, went to writing. The gab I like is such as brings disputations where the listener or reader can hear or read what the other guy comes up with.

As long as we readers of Linn's have, in theory, gathered around a huge, international table, we have listened to a lot of helpful—and otherwise—stuff about our hobby. I figure now it's time to put in my two-bits worth, perhaps just as another old fogey, but still one who might lay claim for a bit of seniority consideration.

I submit that no other collecting medium offers a more diversified field than philately. Each of these diversificants can become quite in-

tense in his chosen alley; also, if he doesn't watch out, he can become pestiferous.

On the whole, though, we're re-

Communist Rulers Found U.S. Commem Pair "Objectionable"; Mail So Franked Now Rejected

It has now been established that rumors of mail delays between persons living in the United States and correspondents in communist controlled Czechoslovakia have been founded on fact. A recently issued statement by Postmaster General Arthur E. Summerfield sets forth both the details of the circumstances and the fruitless efforts made by his Department to obtain an official explanation from the Czech authorities.

It has been known for some time, as pointed out by Linn's correspondent Joachim Dill in recent columns, that various communist dominated countries have delayed or rejected mail franked with the World Refugee Year issues.

It will also be recalled that Japan, during World War II, refused to accept mail for American prisoners of war when it was franked with the Iwo Jima adhesive.

The same treatment has now been handed out by the commies to mail bearing the 4c and 8c Thomas G. Masaryk "Champions of Liberty" stamps issued March 7. The situation is well described by the PMG in a recent statement "deploring" the action taken by the red dominated Czech POD.

"That special set of stamps was issued as a tribute to a great Czech and world figure," he said, "and many American citizens of Czechoslovakian birth or ancestry have been proud to use either or both values on mail addressed to their friends and relatives 'back home'."

"To our amazement we were soon informed that mail bearing the Masaryk issue was being delivered in Czechoslovakia with the Masaryk stamps removed and envelopes marked 'received without stamps', Mr. Summerfield explained. "We protested this practice but received no reply from the Czech postal authorities. Later they began returning such mail marked 'not admitted'."

The PMG added that the procedure being followed by Czechoslovakia is used when international mail is received which is objectionable to the country of destination.

The Universal Postal Convention, to which the United States and Czechoslovakia are signatories, prescribes that each member country

of the Union has the right to determine what articles shall be prohibited in its service, and there is no effective way in which another country can take exception to such determination.

However, when a nation establishes a prohibition, it normally notifies the other country or countries from which the objectionable matter is being sent. The Czech postal authorities failed to follow this universally-accepted obligation. Further, they have not answered written and cabled requests for an explanation of their action, Mr. Summerfield emphasized.

"It is clear that we have made substantial efforts to get satisfaction from the Czech postal authorities," he said, adding that, "While they are technically within their legal rights in determining what mail may enter their territory, it is deplorable that they should do so in this fashion without giving suitable notice of their intentions, and doubly so that they have thus far ignored our efforts to obtain a statement of their position in the matter."

Lower Bucks Picnic On July 16, Rain Or Shine

The Lower Bucks Stamp Club will hold its usual meeting July 14 at the home of president Francis Grieser, 4616 Grandview Ave., Belmont Hills, Langhorne, Pa. Two days later, July 16, he will host the group's annual picnic, also at his home.

Additional details about the regular meetings as well as the picnic—it will be held rain or shine, according to the club's secretary Mrs. Virginia Brautlecht—can be obtained from Mr. Grieser at the above address.

Stamp Activity On Spanish Front

Carlos Lenze
Barquillo 29
Madrid 4, Spain

Now that the first half of the year is gone, it is in order to pause a moment and strike a balance against the Spanish Philatelic Council which is in charge of Spain's new postal emissions.

A casual review of the stamps of the past decade is quite interesting; the following list shows the year, number of stamps, total face value, and (in parentheses) the number and face value of the ordinary and airmail stamps included in the other totals.

1950—16; 102.75 Pesetas (one; 20c).
 1951—15; 14.90Pts. (three; 50c).
 1952—15; 23.85Pts. (none).
 1953—9; 78.95Pts. (three; 75.15Pts.).
 1954—16; 15.35Pts. (two; 1.10Pts.).
 1955—30; 100Pts. (22; 93.45Pts.).
 1956—32; 85.30Pts. (13; 67.20Pts.).
 1957—3; 1.45Pt. (none).
 1958—29; 20.35Pts. (none).
 1959—16; 15.70Pts. (none).

1960 (six months)—42; 84Pts. plus 10Pts. surcharge, total 94Pts. (none).
 As is readily seen, during the past 42 months only special issues have appeared, and the most recent ordinary and airmail stamps date from 1955-56. In those two years 35 of the 62 items issued were NOT commems.

The absence of new regulars and airmails since then, in comparison with the 90 commemorative items, gives a clear indication of the policies of the new Philatelic Council!

Of further concern is the fact that the official authorizing decrees for new issues are appearing with rather less orthodox timing than in the past. Time was when such decrees appeared months in advance of the release of the stamp(s) concerned, but of late the time lapse has become truly a thing of the jet age—for instance, March 26 for the Barcelona Exhibition set scheduled for March 27!

In the past it was customary to allow at least 15 days interval between the publishing of the decree and the first day of sale, and it is on record that there was a lapse of

many months in the case of Scott's No. 866. Again, the decree for the proposed 1953 stamp for the birth centenary of Don Juan Donoso Cortes, while duly published, has never been complied with! The stamp remains to this day unissued.

Also subject to criticism is the haphazard scheduling of releases, particularly of large sets. For example, the Murillos appeared March 24 and the Exhibitions March 27, causing vast confusions—to say nothing of much hard work—for dealers trying to supply stamps and/or covers to their many clients both wholesale and retail.

Adding to the confusion caused by the short official notices of new issues is the resulting necessity of depending on rumors, "educated guesses" and other such haphazard sources of information to plan for handling new issues for the trade. Right now there are a new Sports set and other smaller series "in the air". Inquiries for facts are met with an official, "Look in 'The Bulletin'." — and in that official organ all is silent!

This writer fully agrees with the statement of Mr. Niven in No. 12 of "The Philatelic Trader" where he suggests "that the press and public receive complete information on Spanish stamps instead of having to rely on hearsay, private gossip, and other such sources".

The vast majority of the Post Office Departments of Europe and America—and of many other progressive nations—supply reliable advance information reasonably well ahead of the issue dates of new stamps, to afford suitable time for the public to get ready for the newcomers. This, certainly, the Spanish authorities could do without hardship upon themselves.

Rumors have it that July 18 will be the first day of the aforementioned Sports set which will serve to mark the 24th anniversary of the National Uprising. Even so, official advice remains silent, other than to repeat, "Watch 'The Bulletin'."

Incidentally, the writer expects to be on vacation during August, and will be unable to answer correspondents until returning to his office the first of September. Mail and orders received during August will of course be processed promptly thereafter.

13-, 50-Star Flags On August 3 Cachet

The Copper City Stamp Club of Rome, N. Y. will sponsor a two-color, printed cachet in connection with the celebration of Fort Stanwix Day, August 3. It will feature the original 13-Star Flag and new 50-star Flag, crossed and rising from a miniature outline of Ft. Stanwix.

It was at Ft. Stanwix on August 3, 1777 that the Flag was first carried against an enemy. Also, Francis Bellamy, author of the Pledge of Allegiance to the Flag, was educated and buried at Rome.

The new 50-Star Flag stamp will be used, and a special slogan cancellation "Fort Stanwix Day / August 3rd / Rome, New York" in three lines.

Covers are 10c each (no stamps) from Franklyn Rudd, 614 N. James St., Rome, N. Y. Late orders will be filled while supplies last if a large stamped, addressed envelope is enclosed.

Pony Express Assn. Offers Official FDC's

On July 19 the Post Office Department will issue a special Pony Express commemorative stamp at Sacramento, Calif. and a corresponding embossed envelope at St. Joseph, Mo.

Also on July 19 ponies will leave Sacramento and St. Joseph simultaneously to carry mail via the old Pony Express route by relay over the 1966-mile distance. There will

be over 1000 horses and riders involved in this reenactment.

In keeping with the Post Office plans and the official rerun, the National Pony Express Centennial Assn. will offer the following:

1. An official cover bearing the first day cancellation of the Pony Express stamp at Sacramento, July 19. The envelope will bear an appropriate illustration and description. These covers are 50c each.

2. Official legend imprinted on the 4c envelope and distributed from St. Joseph, Mo. July 19. The design

will be similar to No. 1. These covers are 60c.

Both covers are offered as a pair for \$1. All orders should be addressed to the National Pony Express Centennial Assn., 2998 Connor St., Salt Lake City 9, Utah.

In addition to these regular covers, the rerun of the Pony Express, starting July 19 will carry approximately the weight of mail of the original service, about 20 pounds (500 cover), from both St. Joseph and Sacramento. Further details will be found on page 6.

About Ghana Coils, Postal Cards, Air Letter Sheets

I was going to put the words, "THE TRUTH" before the word "About" in the above headline, but information just at hand from Mr. Lehmann who operates the Ghana Agency is such that I am still wondering just what should be said.

GEORGE W. LINN

According to the Scott Catalogue, the recognized stamp catalogue here in America, Ghana gained its independence and issued its first set of stamps on March 6, 1957. Others followed and are listed by Scott.

However to get some straight facts concerning Ghana Coils, Postal Cards and Letter Sheets, which as far as I can judge by seeing what is offered in advertisements by the various dealers, these items all seem to have come into the market in more recent months. I finally decided to write to Mr. Lehmann for information.

As yet I have never seen a Postal Card or an Air Letter Sheet from Ghana. I have just recently been sent a strip of 12 of Scott No. 5, which are said to be coils. Number 6 also comes in the same manner. As you will note, these two stamps are listed by Scott as being of the second issue, the Gold Coast stamps with the Independence overprint, listed as released in 1957. I now have a reply to my inquiry to Mr. Lehmann and it still leaves me in the dark, for if what is said in this letter is true I wonder where all the stamps issued prior to the date given by Mr. Lehmann, may have come from. It is possible that the typing in the letter from Mr. Lehmann is in error, but certainly in a situation of this nature where I asked for facts with the announced intention of stating those facts to the collecting public, it would seem that Mr. Lehmann would have carefully checked his letter before sending it to me.

Following is a paragraph from it which is at wide variance with the record as in the Scott Catalogue and also in the record as attested by advertised offers of these stamps long before the date on which Mr. Lehmann says the stamps were first issued.

Here is the quote from the letter from Mr. Lehmann.

"I appreciated very much your letter of June 3rd and also appreciate the trouble you've taken to go into the matters under discussion.

"For your information, Ghana came out with its first Definitive stamps on October 5th, 1959. At that time the 1/2d and 1d stamps of the new Definitive issue were also released in coils, to be used in stamp vending machines. Such coils existed also during the Gold Coast days and also the period when over-printed Gold Coast stamps were sold ("Ghana Independence"). The same goes for air letter sheets. However postal cards were never in use in Ghana before October 5th, 1959."

According to the Scott Catalogue the first stamps for Ghana were the Nkrumah, four values listed as Nos. 1 to 4 issued on March 6, 1957. As for Coils, it is only in recent months that these have been offered by dealers. The only ones we have heard of as being in Coils are Scott Nos. 5 and 6. Mr. Lehmann states that the Gold Coast stamps were also issued in Coils. Someone ought to advise the publishers of the Scott Catalogue of this fact. As for these so called Coils, anyone can take a sheet of either of these stamps, tear it into vertical strips and then trim the top and bottom margin to a bit under a quarter inch and paste the top or bottom margin to a stamp without margin and you have a perfect paste-up coil. It is a wonder some smart dealer has not already made such coils out of stamps of other values than the 1/2d and 1d stamps. We are led to believe from the remarks by Mr. Lehmann that most any Ghana stamps might come in Coils. That is we believe the low values.

Mr. Lehmann also says "the same goes for air letter sheets." We would not expect such things to be listed by Scott so can only learn about them from dealers offering them for sale. I had hoped to learn just how many varieties might have been issued, but since few collect air letter sheets the matter is immaterial.

Speaking of Postal Cards Mr. Lehmann says they "were never in use in Ghana before October 5th, 1959." There is that mysterious date again.

As for Postal Cards we have information from a collector who wrote a friend in Accra asking him to buy some Postal Cards for him at the Post Office. The man in Ghana advised that the postal clerks stated that there had been no call for such cards and that they had been withdrawn from sale.

That then is the story of Ghana Coils, Air Letter Sheets and Postal Cards as best we can tell it from information direct from the Ghana Philatelic Agency.

Philatelic Activity In Florida

We always try to keep in touch with all Philatelic activity in Florida and on the week end of June 9 to 12 attended the annual Miami Stamp Club exhibition and bourse at Miami. We felt it desirable to have a bourse table as with such we were able to meet more people than if we had free lanced about the room. The room at the Dupont Plaza Hotel was on the 12th floor, at the roof and was one of the finest rooms for a bourse and exhibition we have ever attended. On Friday night the Florida Federation of Stamp Clubs held a banquet attended by a few over 100 people. Speeches and addresses were few in number and took but little time. The most interesting and informative was a talk by Mr. L. Rohe Walter, Special Assistant to the Postmaster General.

On Saturday night the American Stamp Dealers Assn. Banquet also drew a small crowd but it was especially pleasant, and filled with fun, due to the M. C. job done by Hal Fisher who is well known throughout Miami and Miami Beach as an entertainer. It was a very enjoyable evening.

Naturally, our interest was in taking subscriptions for our publication while in Miami. The results were poor, yet we had many remarks (Continued on page 19)

Germantown Stamp Club To Meet During Summer

At a recent meeting of the Germantown Stamp Club, Philadelphia, Pa. the members voted to continue meeting during July and August with, however, but one get-together instead of two each month.

Meetings will be held July 14 and August 11 at the usual place, the Water Tower Recreation Center, Germantown, Philadelphia, Pa. A large exhibition is planned October 6-8 at the Center, with a banquet at the Chestnut Hill Hotel October 11. Further details on request from Richard Slavin, 455 W. Queen Lane, Philadelphia 44, Pa.

Foundation Issues 12,000th Certificate

Only nine months after the appearance of Certificate No. 11,000 (June 29, 1959), the Philatelic Foundation of New York issued Certificate No. 12,000—on March 28, 1960. This was created another "thousand" milestone in the history of the Foundation Expertizing Service which was established in October 1945.

By the way of contrast, Certificate No. 1000 was issued only after a lapse of two and a half years later. This fact illustrates the increasing use of the Foundation Expertizing Service.

"Patient" No. 12,000 was submitted as Czechoslovakia 1919 10Kr. violet, unused (Scott No. B90, Catalog \$200). This is the semipostal issue overprinted "POSTA CZECHOSLOVENSKA 1919" on the then current Hungarian 10Kr. perf. 14. The latter is a common stamp unused or used, and lists at 8c.

It therefore provides an inexpensive basic stamp from which the rare Czechoslovakia No. B90 can be manufactured.

The overprint on the "patient" was pronounced "counterfeit" by the Foundation Expert Committee.

It seems that a precaution on the matter would not be necessary but mail indicates that a few folks haven't learned. I refer to the fact that at this time of the year it is inadvisable to carry mint stamps on your person, especially in billfolds or pockets in your clothing.

You know what happens. The gum becomes tacky and sticks to whatever is against it. If the stamps are for a collection, you might as well soak them off and use them for postage. It seems the body heat will bring on this undesirable condition, definitely with stamps carried in shirt pockets, and generally always in coat pockets.

While the gum will not adhere to certain types of plastics, it will be affected when it softens and assumes an appearance different from its original. On the modern issues such a change will mean little or nothing, but could on the older.

7. What type gun is pictured on the 2c Defense stamp of 1940?
2. The Tennessee Statehood comm. of 1946 has the nickname of the state in the design. What is it?

The collecting of Postmarks and Cancellations has a moderate number of followers, but is nevertheless a popular specialty. It has one great drawback and that is that covers, where involved, are a bulky piece of merchandise. One can forget about covers in some areas of the category, such as fancy cancels, socked-on-the-nose and similar, only a stamp properly marked being necessary.

A definition or so is first in order so we have a common ground for discussion. A postmark, roughly, is that part of an obliteration on mail which evidences the date, hour and place where deposited. It can have symbols indicating a branch station or the like, but these are secondary.

A cancellation is anything applied to the stamp which renders it unusable to again prepay a postage fee. It can be a postmark, pen and ink, slogan or even the smear of an inked thumb. Of course there are more ways to cancel — these are just examples.

Some might want to boggle a bit over the technicalities involved with precancels. These, while cancelled before use, when applied to certain mail under certain conditions, will pay the postage fee.

For the purposes of our discussion here, I'd like to have cancellation as the key word (or the shorter cancel) remembering the fact that it might or might not be a postmark.

Further, a postmark for first class mail is the only one (ordinarily) which carries time indicia. Those used on other classes of mail lack such data.

Cancellations are applied to stamps by hand or machine. Most of the last century, and the early part of this one, are the hand type. The clerk applied his device one impression at a time to the mail. Most common hand applications today are in the registry and parcel post sections of local post offices, and at the first day of issue of a new stamp. They are easily spotted.

Machine cancellations are given when mail is fed through an automatic machine, driven by hand or motor. As it passes in front of an inked die a postmark is applied and the stamp obliterated. The obliteration can be one of several things such as a slogan, straight or wavy lines or flag. The "flags" have quite a following. They were popular in the early years of the 1900's.

Several makes of cancelling machines have been used in the nation's post offices. They each have their characteristics which identify them to knowledgeable collectors. Some of the very old hand-crank type are still in use but their presence is diminishing. Off hand I do not recall an office which uses one, but every now and then I get a piece of mail so cancelled.

Frequently, someone sends a cover in which the date or time is upside down in the postmark, or where the date is sometime in the future or far in the past. These people feel they have a valuable thing. Of course they don't since human frailty or devilishness accounts for slips of that kind. The date and time parts of a postmarking die must necessarily be removable so they can be changed to conform to the calendar and clock. One can insert such slugs in the die upside down as well as right side up, and run off a few or hundreds of pieces of mail before the miscue has been discovered. Putting the wrong date together is also easily done.

Items of this kind are of no value and are freaks only.

In the last century and the early part of this one, postmasters had a rather free hand in selecting or making the device(s) to cancel mail. There were firms which specialized in preparing such tools; some postmasters and clerks carved their own out of cork or wood. Often the designs were symbolical of the town where used.

Such obliterations are known as "fancy cancels". There were hundreds and hundreds of them, many similar even though of different post offices. Identifying the place of use, and the period of application has kept many students of the hobby busy over the years. Even today new designs, or old designs at previously unsuspected post offices, show up.

Several really outstanding collections have been built up of the fancy cancels. Some philatelists seek only certain types; some the cancels on a certain stamp only; most of them will take anything. Fancy cancels for the most part are for citizens who have more than the average pocketful of spending money for quite a few of them run into the bucks.

Just to name a few designs of the more common, these include skull and crossbones, Masonic symbols, bullseyes and target, anchors, flags, letters, numbers, shields, crosses of various kinds, bells, crescents, stars, PAID, locks, harps, lyres, cups and mugs, leaves, clover, flowers, hats, faces, human figures, animals, fish, birds, and loads of others.

Cancellations which require moderate expenditure of wherewithal are the automatic cancelling machine kind. As mentioned above these can be of the slogan type, lines (wavy or straight), flags and others. Each of these has its followers. Material of this kind is not gathered as a full cover or piece. The important part is snipped from the envelope or card and mounted. The usual, and standard size, measured from the right and top edges are four inches wide and two inches deep. Care should be taken to cut evenly and neatly.

Once in a while this size must be enlarged to include all pertinent features. However this precaution should be self-evident.

Once in a while, too, one will want to keep the full cover intact. Such consideration is based on the scarcity, attractiveness or condition of the item. As an example, one would not want to cut up a first day cover, especially in recent months when the Post Office Department has made use of the eye-catching figures and slogans pertaining to the event.

Again, one would want to save a nice "exposition" postmarked piece since they had their distinctive cancellations. You have to use judgement coupled with knowledge. Expositions such as the Columbian, Panama-Pacific, Alaska-Yukon and Pan-American all had their own cancelling dies.

Frequently, the same slogan is applied via the automatic cancelling machines to mail in various cities throughout the country. The slogan can have been put on dies to fit the several make machines used in post offices. Thus, if you are going to collect slogans comprehensively, you will want an impression of each in every one of the towns where used, and further from each of the several types of automatic cancelling machines. In some places, two different makes of machines operate side by side in a post office. If each imprints the slogan, they'll be identical.

Nashville Club Plans Mid-September Show

The Nashville Stamp Club will hold its annual exhibition NASHPEX 1960 September 17-18 in the Andrew Jackson Hotel, Nashville, Tenn. The group was formerly known as the Nashville Philatelic Society; new officers have been installed and the exhibition is the principal matter of immediate concern.

Plans include a two-color cachet at 15c each, two for 25c, and an eight-color miniature sheet both perf and imperf, featuring four repetitions of the diamond-shaped cachet. These are 10c each, three for 25c, plus 4c return postage per order.

Cachets and seals may be ordered from Kenneth Hinson, 1410 E. Douglas Ave., Nashville 6, Tenn.

Kent Society To Hold Mid-October Exhibition

The Kent Philatelic Society, Grand Rapids, Mich. has scheduled its annual exhibition for October 15-16, at the Manger Hotel there.

There will be both individual and club competition, the latter an addition this year. Full details are available from Reeves Simms, 1433 Burton SE, Grand Rapids 7, Mich.

Effective July 13 the society will meet in new quarters in the East Bldg. of the Grand Rapids Public Museum on second and fourth Wednesdays.

tifiable, and you'll want an impression of each.

One with access to incoming mail can pick out material of this kind at no cost. Collectors don't want any part of it unless a commem has been used for postage and then the stamp is torn off. It doesn't matter whether the slogan cancels a common stamp or a desirable one, the slogan is the governing factor.

This just skims the field of postmarks and cancellations. Scads and scads of words have been written on this broad subject. I have not attempted to do more than mention a few ideas which might be of interest to you. There are still a number of facets which can be touched upon. If the opportunity should offer we'll have another go at it.

Any mail which would require my personal attention is asked to be delayed until after July 30. I will be with Linn's London Tour to Europe and the international philatelic exhibition at the English capital. Otherwise it must await my return. Thank you for your cooperation.

Thomas Vaughan, director of the Oregon Historical Society, holds some of the early Western postal memorabilia which will be exhibited at the American Philatelic Society's convention and exhibition in Portland, Ore. August 17-21. Donald Sipe Photo

Oregon Historical Society To Show Treasures At Portland

The world-famous Oregon Historical Society will be both host to and guest exhibitor at this summer's American Philatelic Society convention, August XX17-21 in Portland, Ore. The organization has announced that a select group of authorities on U.S. postal stationery, stampless covers, and Western philatelic history will be allowed access to priceless assortments of early 19th and late 18th century documents and letters, heretofore not available for public scrutiny.

Thomas Vaughan, director of the 87-year-old Historical Society says that the letters of Joseph Lane, Oregon's first territorial governor, will be among the papers. So also will be holographs from the hands of missionary Marcus Whitman and ship captain Robert Gray, who discovered the Columbia river in 1792.

According to Mr. Vaughan, "Our motive in unveiling these letters is not wholly altruistic. We have no philatelic experts on our staff, therefore this inspection of at least part of our vast collection will reveal whether or not we possess such treasures as postmaster provisionals. "It is even conceivable that our files could contain postal material either not recorded or which would contribute to philately's knowledge of cancellations, post offices, dates and types of use.

"Further, we hope that as a result of our gesture, stamp collectors who may possess early Oregon material, especially letters, will donate them to the Society. We are not concerned with the covers, but with their contents," he added.

The Historical Society occupies 36 rooms of Portland's Civic Auditorium building at 235 SW Market St. It is the nation's major repository of historical data on the Beaver state.

For the actual convention, Mr. Vaughan and his staff are preparing special frames for exhibit at the Sheraton-Portland hotel. They will include pony express covers from several different companies, Wells Fargo mail bags and express boxes, and route and time schedules for stage and pony express mail.

Broadsides and posters on mail and package rates both domestic and abroad, and other memorabilia from such carriers as Beekman, Adams, and Tracy, will be shown. Much of the material is unique.

Weather Man Blitzes Scout Benefit Show

The scheduled June 18-19 Logger's Fun Days celebration at Rohrer Park, Fortuna, Calif. could not be staged fully, as the two days were beset with highwinds and thick dust. None of the logging events scheduled to take place before the grandstand could be held.

The Ferndale Stamp and Hobby Club, which had sponsored cacheted covers and souvenir wooden nickels, did not have the opportunity to sell their souvenirs. Accordingly, the Boy Scout and Campfire Girls whom the event was to benefit, fared rather badly.

As a result, the covers and wooden nickels are now available by mail. They are 15c each, two for 25c, either single or mixed.

There are two designs of wooden nickels, and a cover canceled on each day. The four items will be sent for 50c, and if a 4c stamp is included, one of the last year's attractive covers will be included in the lot (while supplies last). Orders may be sent to the Club at P. O. Box 453, Ferndale, Calif.

England Lists Three Special Cancellations

Special slogan postmarks "CADET FORCES CENTENARY 1860-1960" and "WORLD MENTAL HEALTH YEAR" are being used in stamp canceling machines at certain post offices July 1-30 and July 1-August 31, respectively.

Both these slogans were withdrawn from use on July 7 only, the first day of issue of the special stamps to mark the Tercentenary of Charles II's Act establishing the General Letter Office.

Another special design, "INTERNATIONAL POSTAL CONFERENCE EASTBOURNE 1960", was used in that town June 27-July 9 inclusive. Correspondence posted at the temporary post office at this year's "ALL ENGLAND LAWN TENNIS CHAMPIONSHIPS" at Wimbledon June 20-July 2 also was specially postmarked.

The "cadet" is being used at about 60 offices through the country, including the larger towns in Scotland and Northern Ireland. The other design is employed at about 120 offices in England and Wales.

British PO Pair In Large Format

The special 3d and 1/3 stamps which were put on sale on July 7 to mark the tercentenary of the Charles II Act of 1660 establishing the "General Letter Office"—an Act often known as "the Post Office Charter"—have unusual features, according to the General Post Office, London, England.

The 3d is printed in violet and double the normal size. In addition to showing a picture of the Queen it also illustrated a post boy on horseback; he is sounding his horn and has his sack of mail on the saddle behind him.

At the top of the stamp are the cypher "CII" and the date 1660. At the bottom are the words "General Letter Office". The value is shown prominently in the left-hand corner. It was designed by Reynolds Stone.

The 1/3 item, also of double size, is in an upright design, an unusual feature for British special stamps. The only other such postage stamp to have been issued in an upright design was the one Pound commem marking the Silver Wedding of King George VI and Queen Elizabeth.

This new adhesive was designed by Faith Jacques. It shows oak leaves and acorns surrounding a crown and a 1660 post horn. The oak leaves are associated with Charles II and suggest the type of ornamentation of that period.

Above them is a portrait of the Queen flanked by the dates "1660" and "1960". The value and the cypher "CII" are in the top corners, the value on the right and the cypher on the left.

The portrait of the Queen used in both stamps was taken by Dorothy Wilding Portraits, Ltd. The stamps will be on sale for several weeks. They were photogravure printed by Harrison & Sons, Ltd. who have printed postage stamps of the 1/2d to 1/6 denominations for the Post Office for many years.

Reynolds Stone is a free lance designer and specialist in wood-engraved calligraphy, lettering and book decoration. He engraved the Royal Arms printed by the Cambridge University Press for the Coronation service in 1937, and two shields for the Order of Service for the Victory Thanksgiving 1945.

His accepted stamp designs include the 3d British Commonwealth and Empire Games stamp; the 3d, 6d and 1/3 Wales and Monmouthshire stamps, all issued in 1958, and the 3d Peace stamp of 1946.

Miss Jacques is at present on the staff of Hornsey College of Arts (Graphic Design Dept.). For the past twelve years she has also been a free lance designer, doing book and magazine illustration, book jackets, typographical ornamentation, greeting cards, and other similar general illustration and design work.

No special postmarks were used to mark the issue of the stamps, but a slogan postmark which was used at Eastbourne June 27-July 9 to mark the International Postal Conference was also in use on the July 7 first day of issue of the special stamps. All other slogan postmarks in use during July were withdrawn just for July 7 and replaced by the normal "wavy lines" cancellation.

New Club Organized By Walkerton, Ind. Group

Meetings are scheduled for first and third Thursdays by the newly organized Walkerton Stamp Club, Walkerton, Ind. They are held at the local library, beginning at 7 p.m. and all collectors are invited to drop in and get acquainted.

While a full slate of officers has not yet been elected, Kelly Powell, 308 Roosevelt St. is serving as acting secretary. He will supply further details of the new club on request.

Dobbin, Buggy On Frontier Days Cachet

A "one-hoss buggy", occupied by a couple and decorated with a sack of produce and a crated chicken in what would be the "trunk" of the vehicle, adorns the cacheted cover offered for the 64th annual Cheyenne Frontier Days celebration in Cheyenne, Wyo. The celebration will be held July 26-31.

Sponsoring the cachets—there will be a different color for each of the six days—is the Cheyenne Philatelic Society. Prices are 15c each, two for 25c. A special set of the three for the Denver, Cheyenne and Laramie days is 50c, while the complete series of six is 90c.

Orders may be sent to Mrs. H. N. Monninger, Box 2181, Cheyenne, Wyo. Names and addresses must be clearly indicated; addressed labels may be supplied if desired.

It is not widely known that there exists a Bahamas Postal History Study Circle here in the States U.S.A., whose worldwide membership collects these interesting postmarks, stamps, covers, and related material.

From Washington**

When the 4c SEATO commemorative stamp was released May 31 at Washington, D. C., there were 514,926 first day covers canceled, according to Postmaster General Arthur E. Summerfield. In all, 910,386 stamps were sold that day, with a value of \$36,419.44.

This brings the number of first day covers canceled in the first five months of this year to 7,172,411, and the total of first day sales to \$587,346.55. The 2½-cent embossed envelope figures for May 28 are still unreported.

The frame for the 4c Francis Scott Key "Credo" stamp, to be first placed on sale September 14 at Baltimore, Md. was engraved by Robert J. Jones, and the symbol, signature, quotation and denomination by George L. Huber. The design was by Frank P. Conley, who was responsible for all of the "Credo" stamps.

Charles R. Chickering of the Bureau of Engraving and Printing produced the model of the Fifth World Forestry Congress commemorative stamp, based on the Congress emblem. The vignette was engraved by Richard M. Bower, and the lettering and numeral by George A. Payne. Santa Barbara, Calif. is utilizing a special slogan cancellation (June 15-August 14) reading "Santa Barbara Fiesta Days August 10-14", and Hot Springs, Fla. has introduced a special postmark "75TH ANNIVERSARY 1960" which will remain in use July 1 through December 31. Also being used for the same period is a postmark at East Brunswick, N. J. reading "CENTENNIAL EAST BRUNSWICK, N. J. 1860 - 1960."

**Lucky Plate Blocker
Found SEATO Rarity**

John A. Fox, New York dealer who reported last week's front page news of the discovery of a pane of SEATO commemoratives with one horizontal row of perforations completely missing, has supplied some details of its finding.

According to him, a collector on a plate block hunt purchased it at a New York post office station (exact one not named) after discovering it among some panes of stamps offered for his inspection. The clerk, Mr. Fox added, did not recognize the unusual nature of the pane as he sold it.

The find was made about the middle of June, and thus far is the only such variety on the SEATO (or any other recent commem.) reported. The lucky plate block hunter sold Mr. Fox the full pane containing ten pairs imperforated between horizontally (the second and third horizontal rows). The sum involved was well into the four-figure range, at a ratio far in excess of that for which the first transfer of the 1918 24c airmail invert was made.

Men, horses, supplies, and ammunition were "expendable" throughout the hectic short life of the Pony Express of a century ago—but during its entire operation only one single bag of mail was lost. The approximately 1900-mile route of the facility is indicated on the above map which is reproduced through the courtesy of the American Automobile Assn.

Pony Express Centennial Plans Being Completed

Dozens of major celebrations will be held in the West this month to honor the 100th anniversary of the Pony Express. The Post Office Department reports it has been advised of plans by many groups for pageants, parades and commemorative events to be held in July in conjunction with its Pony Express stamp and stamped envelope to be issued July 19.

Also on July 19, the Department has been advised by the National Pony Express Centennial Assn. that the Association will attempt a "full-scale" reenactment of the Pony Express of 100 years ago.

Plans are to start simultaneously from St. Joseph and Sacramento on July 19 to cover the approximate 1900 mile route completely by horse relay, without any stops except to change horses and riders. Approximately 1000 riders and 1000 horses are expected to participate altogether in the double cross-country day and night runs.

The reenactment will differ from previous attempts which covered shorter distances, or which "vanned" the horses a large part of the distance, according to Association officials.

Many other colorful activities — pageants, parades and celebrations — are planned, including commemorative ceremonies July 25 at Scotts Bluff National Monument in Nebraska and Ft. Kearney National Monument in Wyoming. Both monuments are under the National Park Service and are prominently associated with Pony Express history.

The following is a partial listing of highlights. Many other events are expected to be scheduled, or reported later to the Post Office Department:

Missouri — July 19, first day stamp ceremonies at St. Joseph, marking the first day sale of the new 4c United States Commemorative Stamped Envelope, honoring the Pony Express, and the 15th such envelope ever issued by the POD.

Kansas — At Hiawatha, activities will be highlighted by a band concert and street dance on the evening of July 19. "Pony Express Days" will be observed in the area July 27-28, in conjunction with the eastbound reenactment of the Pony Express through Hiawatha.

Marysville will dedicate July 18-23 to the Pony Express Centennial, with numerous parades and pageants during that period, and highlight celebrations on July 20 as the westbound reenactment passes through.

Hanover will hold its annual "Days of '49" celebrations July 25-28, in conjunction with Pony Express activities, and the nearby "Cottonwood" Pony Express Station (a famous intact station still standing on the original site) will be the

Atlanta Collectors To Meet Throughout Summer

The Atlanta (Ga.) Stamp Collectors Club has voted to meet on a year-round basis, instead of recessing for the summer as formerly. The decision stemmed from the club's greatly increased membership and the fact that its meeting place is now air-conditioned.

An audience participation program will feature the July 13 meeting, to be held at 7:30 p.m. at the Pershing Point office of the Bank of Georgia, 1430 W. Peachtree St. NW, Atlanta, Ga.

planned at Ft. Casper and Ft. Bridger.

Utah—Utah celebrations will center in Salt Lake City, a major stop on the Pony Express ride and home town of numerous Pony Express riders. The University of Utah will produce during the mid-July period a drama or musical on the Pony Express theme.

A log cabin representing one of the original Pony Express stations, will be set up on Main St. Other activities during the period will include square dancing, group singing in period costume, rodeos and wearing of western-style dress in offices and stores.

Nevada—Nevada celebrations will be highlighted by dedication of a Pony Express statue on the morning of July 19 at the Nevada-California state line. Other commemorative activities are planned at Gebo and Carson City, as well as at many Nevada cities which while not directly on the Pony Express route, were associated with its history.

California—Principal activities reported include nine day celebrations dedicated to the Pony Express starting on July 19 at Sacramento, where the first day sale of the new Pony Express - Commemorative United States Postage Stamp will be held. Parades, pageants and other colorful activities of historical interest. Plans are underway for a "spur" run of the Pony Express in July between Sacramento and San Francisco.

Sidney, Bridgeport, Bayard, and Melbata are planning activities on or about July 28. At Gering major activities of nation-wide interest will center at the Scotts Bluff National Monument, operated by the National Park Service.

This is a major landmark on the Pony Express trail. A program is planned for July 25, to coincide with the eastbound reenactment through Scotts Bluff and Mitchell Pass. A "spur" run of the Pony Express is planned from Scotts Bluff to Chimney Rock, another famous landmark.

The Scotts Bluff program is planned to be climaxed with evening ceremonies as the reenactment passes through.

Colorado—A major event is scheduled at Julesburg, the only Pony Express stop in the State. A "spur" run will be staged July 22 from Julesburg to the Boy Scout Encampment near Colorado Springs, under jurisdiction of the Colorado Junior Rodeo Assn.

The spur run will cover 212 miles at high speed, each horse running a half mile at top speed. A letter is expected to be carried on this Pony Express run from the President to the Boy Scouts.

Wyoming—Another activity of major interest is planned at the Ft. Laramie National Monument, under sponsorship of the National Park Service. The Ft. Laramie program is planned for 1 p.m. to 3 p.m. July 25. Other major celebrations are

New Officers, New Plans At Louisville

Recently elected officers of the Philatelic Club of Louisville (Ky.) are Bart H. Bartlett, president; James U. Smith, Jr., vice president; and Robert J. Burwell, Box 241, Louisville 1, Ky., secretary treasurer.

Now in its twelfth year, the group has all along worked to advance public interest in the philatelic field, and during recent years has stressed junior activities. At present plans are under way for an auction at the October meeting in the Hotel Brown, an exhibition in November and an anniversary party in December.

The "PCL PACKET" is issued monthly, and the club would like to exchange it regularly with other active stamp group publications.

YET COLLECTOR
(Continued from page 1)

markably tolerant until someone busts into our structure with a hood-wink, obviously designed to cheapen our higher ethical standards. We can and do admit, without flexing our biceps, questionable material which really does serve a purpose—perhaps for carrying mails.

But stampers as a whole do and should squelch any upstart or agents there of who offer labels bearing the name of a state, when the money we're tempted to shell out is to be pro-rated between said "authorities" and their procurer. Probably the "stamps" will never appear on a legitimately used cover.

Such practice is not new. Through various human devices labels of this nature are scattered in most every album, some dating back to the earliest philatelic days. The motive has always been the same: just to fatten the coffers of some staggering state. This may be either directly or through some individual working on a percentage, or who even bought old stamp plates outright.

Surely, there couldn't have been enough demand on the 160-acre island of Heligoland, in its bare ten years of stamps, to account for all the "stuff" that got into the trade. Again, we—and especially those of us at all familiar with the nature of the "Bulge of Africa"—get a similar kick out of the 16 5/6 pages Scott's now uses in listing Liberian issues, or the hundreds of pages devoted to "colorful colonials".

But why jump on the little guys? The weakest runt shoat is entitled to his turn at the maternal dairy bar facility.

Before going on a mud slinging expedition let's wipe our own feet, first and do a little sweepin' around on our own door. Those of us who have pen pals abroad are confronted with the suspicion, on their part, that the U. S. is in desperate postal straits requiring constant new issues. Most of these are incomprehensible to the lads—and of such nature that we couldn't always explain them either. So the lads interpreted them as an attempt to mulct their stamping wallets in supporting of a fiscally sagging U. S. government department.

It is not unlikely that a loyal French fancier of U. S., for instance, has cuddled his liking for our country by collecting our stamps. Now our French friend just might be a man of considerable political or economic experience. Should he get a notion he was "being took," because of the flood of postal paper from this country, look out!

The up-and-down shot of the matter seems to me to be a justification of my long established stamp pattern of putting into my collection only those specimens showing, in my judgement, honest evidence of having served as receipts for postal duties performed. This also lets me out of the "gum-no-gum" hassle.

But, for the good of all of us, don't all you readers shift to my groove. If you should, there won't be enough stamps to go 'round.

PAWHUSKA 2c COIL

Paul S. Hedrick of the "Tulsa Daily World" sent me a clipping from his stamp and coin column. Quoting: "A bit of precancel history was written recently when the Pawhuska, Okla. postoffice issued a 2c coil stamp of the Liberty series, in B-11 type, for a new industrial firm."

"It was the first time a Bureau print had been issued for Pawhuska, whose sole previous claim to being a precancel town was from a number of Locals. Pawhuska, like other Oklahoma towns and cities, has often used local precanceled stamps, but this is its first Bureau-print stamp."

Thanks Mr. Hedrick for this note, and also thanks to John Hirt of Pawhuska for sending me a copy on part a of used cover of this new 2c coil.

Is a dating on some precancels used by the Moorestown Friends School from Vassalboro and North Vassalboro, Maine. Also, some precanceled cards appeared from these and a few other towns.

This was done under a program called "Friendship Fairs" a project to raise money to help pay the expenses of exchange students and for exchange materials obtained from similar schools in France and Germany.

Write J. T. Lippincott, RFD #1, Box 76, Mt. Laurel, Moorestown, N. J. for more information about this project and for a list of precanceled items still available.

Roosevelt Memorial "Official" Labels Stamp Swindle Had Its Operation Directed From Top

Dr. Roberto Levi-Castillo

The April 12, 1945 death of President Franklin D. Roosevelt of the United States brought sorrow to all nations then engaged in the struggle against the Axis Powers. They remembered well his speech of January 6, 1941, wherein he outlined before the Congress of the United States his premise of the "Four Freedoms" which were to become the bed rock upon which the United Nations Organization was yet to be established. Indeed, these sacred freedoms—of speech and religion, free from want and fear—were even sooner to become the foundation of the San Francisco Charter of 1945.

To this document the then Ecuadorian Minister of Foreign Relations (later President) Dr. Camilo Ponce Enriquez subscribed at that time as the official representative of his country. This initial step forward has since developed into the Organization of American States, with which all Western Hemisphere nations are well acquainted.

Wishing to take philatelic notice of the death of the great American president and at the same time to pay direct tribute to him individually, Ecuador's President Jose Mario Velasco Ibarra issued a decree for a set of ten commemorative stamps. Decree No. 38 of January 16, 1947 provided for five ordinary mail and five airmail values, to bear a likeness of President Roosevelt and a pictorial representation of his "Four Freedoms". The set of 10c, 20c, 30c, and 40c surface mail and 60c and 1, 1.50, 2, and 5 Sucres values (Scott's Nos. 509-13 and C193-97) finally appeared October 24, 1948.

Printed by Waterlow & Sons, Ltd., of London, the adhesives had been long delayed in reaching post office counters by the political situation in Ecuador which shortly thereafter resulted in the rise of President-Elect Galo Plaza's party to power. It was during the administration of this chief of state that the great swindle of the Roosevelt Memorial "official" labels was consummated.

In June 1949 there suddenly came to the attention of philatelists abroad some very strange "stamps" bearing equally fantastic price tags, which "stamps" had never seen actual postal service in Ecuador. Actually—subsequent events disclosed—they were labels only and not legitimate postage emissions; there were both perforated and imperforated varieties.

The former were rather poorly and irregularly perforated, and the printing method indicated that they had been produced in Quito, yet they had never been on sale at this—or any other—Ecuadorian post office. Questions and suspicion soared, and the Director of Posts was called upon for an explanation.

He declared officially that these imitations of postage stamps were labels and that the indicated values of 30c and 60c had NO philatelic worth. He explained further that they had neither postal nor actual value of any sort, that they were used as "Propaganda of Pan American Solidarity", and that they were only countersigns to permit posting without payment of postage fees of the correspondence from the Ministries to their various correspondents.

This official statement pacified collectors, and they paid no more attention to these new "stamp" labels.

Peace was not to last long. In December of that same year a new family of similar labels appeared showing FDR's portrait, the map of Ecuador, an airplane and "PRESIDENCIA / DE LA REPUBLICA" (or "VICE PRESIDENCIA / DE LA REPUBLICA") prominently

strung across the bottom. The entire composition was enclosed in a one-line gold frame.

Once again pandemonium broke loose in philatelic circles, and once again official explanations were forthcoming when demanded:

"The official stamps that have the picture of President Roosevelt have come to replace the former ones, and have the exclusive right to be used only on official correspondence.

"The Roosevelt issue has nominal values of 30 and 60 cents and is to be used only for the dispatch of inter-correspondence between Ministers of State and the President and Vice President of the Republic, the use of such labels being obligatory for the dispatch of the correspondence from Ministry to Ministry or from there on to the President's or Vice President's offices, or vice versa. The stamps have NO VALUE of any kind, and can not be accepted for ordinary mail of private persons; they are only countersigns to show that the correspondence with them pays no postage at all, and can not be used for interior or foreign mail."

This declaration gave no value to the labels—it even withheld it from them—and also explained why they had not been ordered by Decree. This was the required method of procedure if they were to be used as postage stamp issues with assigned values and all properly accounted for, in accord with Ecuador's laws.

In this instance—in order to make the swindle of world philatelists much more extensive—ALL the issue was sent abroad for sale, just as if it had been a part of an emission of postage stamps for legitimate use, which it never was!

The perpetrators of the scheme even issued a "commemorative sheet" inscribed "Dia de Gratitude Nacional a los Paises de America — Septiembre 17 de 1959" (Day of National Gratitude to the Countries of America, September 17, 1949). This "gem" never circulated in Ecuador, and was in fact unknown until some of the conspirators started peddling it several years left of office.

The "reason" for the sheet was the Fast of Gratitude to the American Nations, given by the Ecuadorian government to all diplomats of the American nations which had donated help for the victims of the Ambato earthquake of August 1949.

Even so, this alleged "commemorative sheet" was never officially decreed; thus neither it nor the preceding labels were ever official postage stamps, had no actual postal value, and could frank no mail other than limited official sendings entirely within the city of Quito.

That, at least, was the officially described purpose of the adhesives—but in actual fact many of them were applied to covers and given normal postmarks, for sale abroad

to deceive collectors as to their nature by simulated genuineness as legitimate postage stamps.

Such catalogs as Scott's and Gibbons' never bothered to list this trash, but at least one well-regarded volume still lists both the perf and imperf varieties (at low prices).

The only legal Roosevelt issue is that of the Four Freedoms printed by Waterlow under authorization of Decree No. 38 of January 16, 1947, as set forth earlier in this article. The writer must insist again that the labels illustrated here, and the corresponding "sheet", had no legitimate origin and no postal value, and have no philatelic value other than as labels—and as examples of highly placed fraud directed against the philatelic public.

Colombia Schedules

Independent Dozen

July 20 will mark the 120th anni-
versary of Colombia's independence
from the Spanish rule of the 19th
century, and to mark the occasion
a set of a dozen stamps and a sou-
venir sheet will be issued. The date
will not be July 20, but "shortly be-
fore or after", according to H. A.
Mussenden, Sr., Airbox 5822, Bogota,
Colombia.

There will be three ordinary and
nine airmail values in the set: 5c
showing money minted at Cartagena
during 1811-13; 20c, the reconstructed
Flower Vase House, cradle of
Colombian independence; and 20c,
coat of arms in full colors of the
city of Mompos.

Airs will be 5c, Cartagena coat of
arms; 5c, Jose Miguel Pey, Jorge
Tadeo Lozano, and Joaquin Cama-
cho; 35c, Colombian Flag (and not
Andres Rosillo and Joaquin de Cai-
cedo y Cures as earlier announced);
and 60c, Rosillo and Cuero.

Also 1 Peso, Frutos Joaquin Gu-
tierrez and Manuel de Bernardo Al-
varez; 1.20P., statue of Antonio Ga-
lan in Socorro; 1.30P., front page
of "La Bagatella" (early newspaper);
1.45P., Colombian Flag; and
1.65P., Antonia Santos, Jose Acevedo
y Gomez, and Liborio Mejia.

The 3P. souvenir sheet will show
the Colombian Flag, the coats of
arms of Cartagena and Mompos,
and the early coins of Nueva Gran-
ada. It will be inscribed "Extra
Rapido". Printing is being done in
Vienna by the heliograph process
in quantities of 500,000 to 3,000,000
per item. A full listing of the colors
is not mentioned.

Scottsbluff Offers

Pony X Rerun Covers

The Monument Stamp Club of
Scottsbluff, Nebr. will offer a cachet
in connection with the National Pony
Express Centennial Rerun in July.
Local mail will be carried by sup-
plemental riders July 22 and 25 for
the westbound and eastbound rides
through western Nebraska.

The local run will be along the origi-
nal route between the Chimney Rock
and Scotts Bluff stations. Covers at
the end of each run will be mailed
at Scotts Bluff National Monument
and will have a special slogan.

Collectors may order covers at 25c
each from the Monument Stamp
Club, Box 1108, Scottsbluff, Nebr.
Each cover will bear the 4c Pony
Express stamp of July 19, the spe-
cial slogan, and a stamped imprint
certifying it was carried as local
mail on the occasion.

The Monument is a new club, and
this is its initial full-scale project.
The group already has 34 members.
Officers are Vernon L. Johnson, pres-
ident; Rick Reinhardt, vice presi-
dent; Lucille Stutheit, secretary; and
Mrs. Homer LaPee, treasurer.

Louvre Art In New

"FA PHILATELIST"

Art masterpieces of the world-fa-
mous Louvre Museum in Paris are
featured this month in the "FINE
ARTS PHILATELIST" in an article
by Margaret Marcus of the Cleve-
land Museum of Art. Additionally,
a listing of the Louvre treasures
appearing on stamps of the world
is appended, making it a veritable
gold mine for the art stamp collec-
tor.

The editor also announced that the
second edition of the first two vol-
umes of the publication, long out of
print, is now ready for distribution.
It is \$3 per copy, from Beatrice
Bernier, 200 E. 36th St., New York
16, N. Y.

The subscription rate for the 1960
FAP is still only \$1 a year; random
sample copies are 25c each. Stamps
of Monaco to Mozambique relating
to art and music are featured in the
official annotated "Masterwork"
checklist in the current edition.

stagecoach and mail train in the
upper corners.

OFFICIAL FIRST DAY COVER

The envelopes will be serviced
and cacheted by the group when re-
leased at St. Joseph, the eastern end

Two new Austrian commems have been announced for early July release; as a matter of fact, one of them is even now on sale. On July 4, with validity from the 7th, a 1.50 Schilling was issued to mark the 100th birth anniversary of composer Gustav Mahler. July 12 will bring another of the same value for the 300th birth anniversary of artist Jakob Prandtauer.

The former adhesive was designed by Robert Fuchs and engraved by Georg Wimmer; color, dark reddish brown. It shows the subject's portrait. The Prandtauer item shows his portrait, with a silhouette of the Abbey of Melk in the background.

The latter design was produced by Adalbert Pilch and engraved by Rudolf Toth; both stamps were planned for editions of 3,000,000 each.

A vacation cruise ship is featured on four East German propaganda stamps which appeared June 23.

Values are 5 pfennigs, 10pf. plus 5pf., 20pf. plus 10pf., and 25pf.; the last named is in a "restricted" edition. They depict the East German labor organization's cruise ship, the "F de G B Holiday Vessel".

West Germany followed the Swiss in recommending that WRY stamps NOT be used on mail to the communist countries, according to a recent issue of the Bundespost Postal Bulletin. In this direction, we understand also that the United States has had difficulties, particularly with the Masaryk "Champions of Liberty" stamps on mail to Czechoslovakia.

Two Health stamps are expected from the Netherlands, probably July 18. Called "Spiritual Public Health," they are 12c depicting Schroeder van der Kolk and 30c, Johannes Wier.

The puzzle of the 12 stars is a puzzle no longer! Those twelve stars on the Council of Europe issued do not represent the cooperating nations - actually, there are 15 of them. Rather, they symbolize the round dozen, or the complete whole, just as the twelve signs of the Zodiac represent the entire universe.

In the resolution of the Council of Europe, December 8, 1955, we read: "This number is invariable, the figure twelve being the symbol of perfection and completeness."

New issues from France-France issued a set of six semipostals June 11 to raise funds for the Red Cross. For the first two days the 0.10 franc plus 0.05 fr. (violet and carmine, portrait of Michel de l'Hospital) was sold only at Aigueperse, Puy-de-Dome; the 0.20fr. plus 0.10fr. (green and rose, portrait of Henri de la Tour d'Auvergne) at both Sedan and Paris. The other four were sold only at Paris, for the first two days as mentioned.

After June 13 all values were available at all offices. The remaining four are 0.20fr. plus 0.10fr. blue green and green, Nicolas Boileau; 0.30fr. plus 0.10fr. ruby and red, Jean-Martin Charcot; same value blue and violet, Georges Bizet; and 0.50fr. plus 0.15fr. dark blue and blue green, E.H.G. Degas.

Finally, from June 18 at Paris and from June 20 at all other offices a brown, red brown and green 0.20fr. was issued showing a glowing Lotherian Cross inscribed "18 JUIN / 1940". In the foreground is a boat with the silhouettes of two men, plus "20me ANNIVERSAIRE". The stamp marks the 20th anniversary of Gen. de Gaulle's June 18, 1940 appeal to the French to resist the then victorious German invaders.

H. Lazarus of 29 Wadsworth Ave., New York 33, N. Y. has announced that he will be in Europe from the end of June until September 10. He is now at the London exhibition, after which he will undertake an extensive buying trip on the continent. Obviously, any correspondence reaching his office during this period cannot be attended to until his return.

For the past two months George P. Holtz, 4995 Cote St. Catherine Rd., Apt. 25, Montreal, Canada has been "standing by" awaiting hospital accommodations to undergo surgery for a damaged disc in his back. He expects to be under treatment immediately, and away from his office for about two months. Customers and friends are asked to be patient in the meantime.

Collectors of new country issues, and especially those interested in Togo and her set of four values for the ill-fated Summit Conference of a few weeks ago, are requested to note and correct an error in the June 27 ad of the A. G. Stamp Service, 1401 66th St., Brooklyn 19, N. Y. There a special offer of this quartet is wrongly listed; the price should be 25c.

German issues in an infinite assortment of ramifications and varieties are well covered by the new Price List No. 13 of Otto W. Kaperl, Box 35175, Los Angeles, Calif. Many are priced both mint and used. Also shown are some interesting singles and sets from nearby areas such as Slovakia, Liechtenstein, and Switzerland. Collectors may write for their copies.

from collectors whom we met, who said, "I take your paper", or "I have taken your paper for years." Even thus we got a few renewals and a few new ones. The main thing however was accomplished. To meet those who are subscribers and to make new friends.

This fall, in November, the Florida Federation will again hold its annual meet at Leesburg as guests of the Lake County Philatelic Society. We here in Lake County feel certain we will put on a show and bourse which will attract a large attendance as we did a few years ago, so that all you collectors in Central Florida can plan ahead for this event.

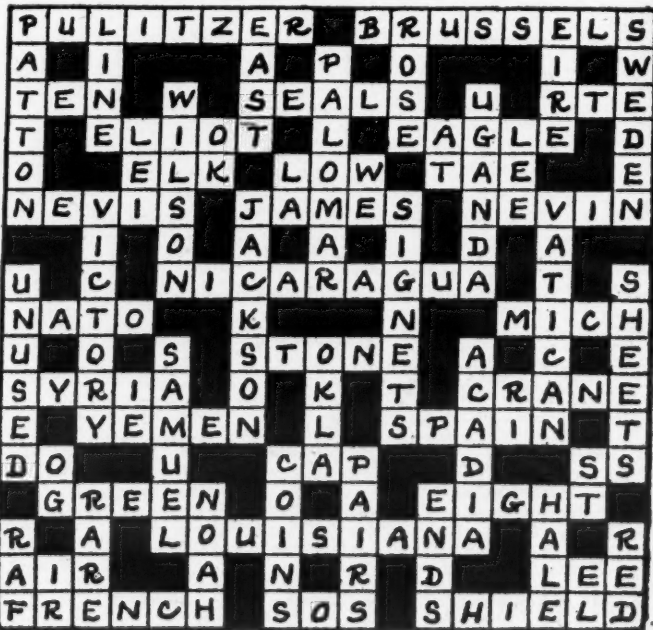

Correcting An Error In Names

Carelessness on my part led me to mention a name as Mr. George Silberagle as being associated with the Grand Street Boys Assn. in New York, in my editorial of June 27th. The correct name is Mr. George Silberberg. He is in complete charge of the Philatelic Hobbies for the Wounded and also is with the Grand Street Boys Assn. of New York City. His address is 2122 Wallace Ave., New York 62, N. Y.

Mr. Silberberg is at the head of one of the most deserving charities in the United States. Under his management is a very large warehouse which was donated to the Association by Mr. Silberberg and his brother. The building is filled with material of every sort, all of which has been donated by business establishments and individuals from all parts of the United States.

Enormous quantities of stamps have also been donated and these are portioned out to disabled and hospitalized veterans all over the country. Stamp collectors should be aware that donations of stamps to this Association are deductible from income tax. A bit later I am going to print in this column a quite thorough explanation of just what a fine bit of work is being done by Mr. Silberberg, for it is worthy of support of every nature.

Readers are reminded that I am now in Sidney and shall not return to Howey-in-the-Hills until about August 5. Mail addressed to me there cannot be handled until after that date.

Scandinavian Area Philatelic Activity

Axel Millander
Bevaringsgatan 11
Gothenburg, Sweden

If you look at the address under the headline of this article you can read the name "Gothenburg". It is the second biggest town in Sweden and I live there. It has about 400,000 inhabitants and is a rapidly growing center of Scandinavia.

A few days ago I got a letter from the U. S. A., from Gothenburg. I rubbed my eyes, thinking I was sleeping. But it was really true. Gothenburg is a place in Kansas and one of the 40,000 postal stations

in your country.

I became interested. Are there more places in the States which got their names from Scandinavian emigrants?

Yes, I think so. A friend of mine told me that there are at least 40 Swedish postal names in the U.S. But where? Do you know? If you live in such a "Scandinavian" place, give me some lines and I will be glad to tell about it in Linn's and our own paper here.

Some few days after I received a letter from Gothenburg. I received one from Mr. Michelson in Smolan, Kans. He told me that he was of Swedish descent, coming from Smaland in southern part of Sweden. The name Smolan, pronounced in Swed-

ish, is just like Smaland. It must be the same name!

From another Linn's reader, living in Granby, I have got another letter. This name, Granby, must be Swedish; we have the same name here too. "Gran" is fir or Norwegian spruce, "by" is village. It means that Granby must be a place where you have plenty of firs.

For Americans who collect Scandinavian countries, it must be an exciting field to collect all the different cancels which "refer" to the emigration years. Let them complete your collections! And let us help each other to discover the different names. Many of them still exist, while many others died years ago.

You surely know that more than one million Swedes emigrated to America. The first of them arrived at Ft. Christina (now Wilmington) in Delaware in 1638. The name "Christina" comes from the Swedish queen at that time.

In 1938, on the 300th anniversary of the settlement, the Swedish as well as the Finnish Postal system gave us commemorative stamps. It also happened in the U.S., when the Swedish Crown Prince (now the King) visited your country.

Beside these stamps a special commemorative half dollar coin was issued in the U. S., and in Sweden a coin of two crowns. Our Swedish coin can still be bought here for

\$2 or \$3, but the American item is much more valuable, cataloging at \$15.

Even if the U.S. coin was issued in a bigger quantity, the value is still higher—it must depend upon the high numismatic interest in America. On both the coins the ship "Calmar Nyckel" is portrayed.

Very much can be said about American-Swedish collaboration during many years. And much can be seen in philately and numismatics. Tell me what you know and I shall be glad to collect the facts from all of you and report them in the Linn's. Maybe it will give us some new ideas in our hobby.

That's all for today. Glad to hear from you. So long!
